

## **Computing Home-Learning KS3**

Given out: Week beginning 14 January 2019

In For: Week beginning 21 January 2019

What programming languages can you find out about? Which language is most suitable for what? What can you discover about the Python programming language that we are starting to use?

If you have access to a computer or a mobile phone with internet access then research the above question. If you don't have access to the internet then can you describe the kinds of programs that can be developed using a programming language – think back to what you programmed using Scratch in previous years.
