

## Art – Year 8

Year 8 will be working towards a Bronze Arts award throughout the year. To help you explore the Arts and gather information, some of this will be set as homework. Have a look at the Arts award site <https://www.artsaward.org.uk> or if you can't, come into the art room on Monday lunch times to have a look with me where I also have the Arts Award log books.

Write a paragraph to explain what Bronze Arts Award is all about – Exploring the Arts – but what are 'The Arts?' What activities could you take part in? Where could you go? What could you listen to? What/Who may you use as your inspiration?

Write a list of your existing skills and say which you would like to develop. What new things would you like to try?

Please put all this on an A4 piece of paper, remembering to pay attention to your presentation – be creative and add images/pictures/drawings – this is a representation of you and will be the introduction to your book!

(The Homework paper chest is in the corridor outside the Art room, please take what you need) Due w/c 16<sup>th</sup> September 2019.
